

UNITED STATES PATENT AND TRADEMARK OFFICE

Applicants: H. VAN WIJK et al

Serial No.: 10/540484

Filing Date: June 23, 2005

Title: VOTING SYSTEM WITH OPERATING
POSSIBILITY FOR DISABLED PERSONS
AND USE OF SUCH SYSTEM

RESPONSE TO NOTICE OF DEFECTIVE RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Attached hereto is a copy of the Notification of Defective Response mailed January 27, 2006.

The office has noted that the inventor's first name is different from the international application. The inventor's first name in the above-captioned U.S. application is Johannes Bernardus Alphonsus and the surname is VAN WIJK.

Counsel has inquired of the European attorney who informs that on February 4, 2004 a request was submitted to WIPO to correct the applicant/inventor's name, see the enclosed. On March 9, 2004, WIPO stated they required a Power of Attorney so as to make the change under Rule 92bis. On March 31, 2004 a duly executed Power of Attorney was submitted but to date the European attorney has not received a PCT/IB/306. Therefore, the European attorney on March 3, 2006 has again requested WIPO to amend their records and send a Form 306. A copy of all of this correspondence is enclosed and it is submitted that everything possible has been done by the European attorney to correct the name of the inventor/applicant in WIPO so that the first name corresponds to the first name as filed in the United States under Serial No. 10/540484. When

counsel receives a Form 306 from WIPO it will be submitted but until then, it is not seen what else counsel can do to correct this inadvertent error.

It is submitted that it is clear from the documents now on file that the inventor's first name in the PCT application is the same as the inventor's first name in the nationalized application Serial No. 10/540484 and it is requested that this application be forwarded to the Application Branch for further processing.

Respectfully submitted,
JACOBSON HOLMAN PLLC
